

**UNICELL®**  
thinking healthcare™

## Healthcare Environments that Work for You

### thinking simple

#### STORAGE CELLS

- Available in 6 Mix-and-Match Sizes
- Shallow & Deep Cells
- Interior Modules - Integrally Molded Tracks
- Pre-Threaded Caster Inserts

#### ENCLOSURES / INTERIORS

- Enclose - Roll, Lift, Hinge, Pull
- Dual Roll Front Doors & Removable Drawer Fronts
- Interior - Trays, Shelves, Wire, Inserts

#### SUPPORT

- Rail - Doesn't Require Wall Backing
- Mounting Key - 4-Position Adjustability
- Standoff Key - Distributes Load Evenly

#### WORK SURFACES

- Suspended or Mobile
- Laminate / Chemical Resistant Laminate
- Phenolic / Stainless Steel
- Retainer Edge & Backsplash Options

### thinking durable

#### UNEQUALED STRUCTURAL INTEGRITY

- Low Pressure Injection Mold Construction
- One Piece Construction
- Polyurethane Coating - Abrasion and Chemical Resistance

#### FLEXIBILITY

- Add a Dolly or Casters to Make a Cell Mobile
- System Compatibility - Fully Interchangeable Components
- Adapts to Change - Minimizes Downtime

#### CAPACITY

- Additional Strength for Heavy Loads
- Extra Deep Storage

#### WARRANTY

- Lifetime Warranty (Cells, Drawers, Trays & Shelves)
- 3-Shift (24/7)

### thinking clean

#### ONE-PIECE SOLID CONSTRUCTION

- Self-contained Closed Storage Environments
- Closed System Maintains Aseptic Environment
- Eliminates Cracks, Seams, Grooves & Pores
- Superior Strength & Rigidity

#### DESIGNED TO BE CLEANED

- Continuous Surfaces are Efficient to Clean
- No Sharp Edges or Corners
- Quickly Disassembled, Cleaned, Reassembled and Put Back to Work

#### HIGH MOISTURE ENVIRONMENTS

- Wall Mounted Off of Floor
- Will Not Warp, Rust or Rot
- Sealed Cell Structures Means No Absorption of Liquids or Moisture

#### WASHING

- 180°F / 82°C
- Manual Washing
- High Pressure Hot Water Wands
- Automated Cart Washing

### thinking green

#### UNICELL HAS ACHIEVED GREENGUARD CERTIFICATION FOR LOW EMITTING PRODUCTS & MATERIALS

- GREENGUARD Indoor Air Quality Certified®
- GREENGUARD Children's & Schools™ Certified

#### MATERIALS

- Structural Foam is 100% Recyclable
- Off Gas - All Gases are Emitted from Cells within 72 Hours After Production
- 99.9% PVC Free

#### PRODUCT MODULARITY

- Modular Components Facilitate Rearrangement & Re-assignment
- Product Longevity
- Minimal Downtime & Infrastructure Disruption

#### PROCESSES

- Pre-assembled - Shared Packaging
- Re-grind - 100% of Wasted Material (Off-cuts) Reintroduced
- Cell & Accessory Re-coating Program
